TRAINING TOMORROWS SKILLS TODAY

## Training Aim:

- Be familiar with the key objectives and background to the European Performance of Building Directive
- Demonstrate the ability to undertake limitation of primary energy and or CO2 emission calculations as required by the Building Regulations
  - Be capable of collecting BER data on dwellings from surveys, specifications and plans that affect energy and CO2 emissions performance
- Input data into the Dwelling Energy Assessment Procedure (DEAP) software to produce BER Labels and Advisory Reports for dwellings of varying complexity
- explain the significance, in BER terms, of varying the specifications for dwellings

## Training Objectives:

This module is a statement of the standards to be achieved to gain a credit in Building Energy Rating Assessment at Level 6. The module is designed to produce competent assessors capable of producing Building Energy Rating Assessments in accordance with the Energy Performance of Buildings Directive (EPBD).

## Outline Syllabus:

- Building Energy Rating (BER) in Ireland
- Building Construction and Lighting Assessment
- Building Energy Performance - Fabric and Ventilation Systems
- Space/Domestic Hot Water, Heating Systems and their Controls
- Overall Energy Performance, CO2 emissions and BER Labels
  - Advisory Reports for Dwellings

## Learner Entry Requirements:

Level 6 Advanced Certificate in Craft or Construction or other relevant discipline, or equivalent qualifications and relevant life and work experiences with adequate IT skills.

## Training Method:

Our comprehensive course materials were specifically designed by matching the course content against the real world experience of lecturers and industry professionals.

## Trainer Profile:

At Chevron Training we pride ourselves in employing the best people in the industry to deliver courses to you. By investing heavily in our people we can guarantee student satisfaction. All of our trainers are highly qualified professionals who hold at least an honours degree in building services along with a FÁS train the trainer qualification. This guarantees you an unrivalled level of quality training. Our trainers are not only experts in the BER sector but also have a passion for energy audits conservation and keep abreast of all relevant market changes.

## Training Facilities:

Classroom, LCD Projector, Laptop PC with Power Point, Screen, Flip Chart, Site visit

## Assessment Method:

All assessment is carried out in accordance with FETAC regulations. Assessment is devised by the internal assessor, with external moderation by FETAC.

4 Assignments (50%) 10 short answer questions (10%) Practical assessment (40%)

## Certification:

FETAC Accredited Level 6 Building Energy Rating Assessor - Course Code D30189

**Cost:** €1995 **Training Duration:** 6 Days, 9am-5pm
